Distance: about 115 km

Period of execution:
from April to June and from September to October

Level of Difficulty: Medium - Difficult

Minimum persons: 2 adults

Useful advice to the traveler:
recommended technical clothing – exerciser
with special shoes, helmets and any gloves

Requirements:
good health and physical training

PROGRAM:

Day 1: Starting from Alghero meeting point and begin the path along the bike path towards Fertilia, from here we will start our excursion Off – road taking one of the old roads used during the Second World War to reach various bunkers and other buildings scattered in the area (some still in good condition). Along the way you can look down on the Village Nuraghe Palmavera (which takes its name from the mountain) consists of a main tower of 8 meters tall and 10 in diameter, with 40 cabins distributed in a confused way, some of which now no longer visible. The climb is not difficult, as both slope that as background, in reality there is only a tract by foot (for the presence of rocks and gravel) where at the end you can admire the view of the promontory of Capo Caccia, the bay of Porto Conte and the cliffs of Porto Ferro and Porticciolo. After the brief stop, continue in the pine forest, to reach slightly downhill, the road that leads to the summit of Mount Dolla (436 meters) but our route turns on dirt, and gained about 250 meters above sea level where there is a small roof terrace used by the forest; from here you can see the airport, the pond of calick, the agricultural zone, Fertilia and in the distance the bay of Alghero. You return to the previous road begins where another fun and not difficult downhill off – road leading to a small nuraghe unfortunately not accessible, half covered by vegetation. It is part of the city where the tour ends today. Dinner and overnight at the hotel.

Day 2: Breakfast at hotel and departure for the 2nd tour that is longer than the previous; the start of the city center until you reach the village of Santa Maria la Palma where the namesake winery and hence always on asphalt is reached after a few km of the lake Baratz, the only natural lake in Sardinia. Its extension is not very wide (12 km perimeter ca) while the landscape is varied and interesting. You can admire the typical Mediterranean flora intense aroma, the fauna and the characteristics rocks formed by solidified mud. The fund is not binding and it is open to all alternating short ups and downs and the prevision for more compact. Concluded the ring, it passes in the pine forest to reach the cliffs of Porto Ferro and Porticciolo, the area almost always exposed to the winds. For this reason, the sheer cliffs of sandstone, are seriously eroded, while the vegetation, sparse and low, replace that lush lake. In the area there are some of the Saracen towers, ancient military outposts, unfortunately not in perfect condition because of bad weather. To return to the city, all on asphalt alongside the villages of Maristella, Fertilia, pine forests and beaches of Alghero. Return to the hotel, dinner and overnight.

Day 3: Breakfast in hotel and free time available to the participants and end of our services.

1st day: Arrival of the participants at Alghero airport and meeting with the driver for the transfer by "hybrid and / or electric" car to an affiliated facility. Full day free for participants. Overnight

2nd day: Info on the itinerary: about 56 km - Excursion duration: 7 h. about - Difficulty level: easy

Breakfast at the hotel, pick up of the Trekking bikes (muscle) and departure from Alghero around 09:30 and you will reach the village of Santa Maria la Palma, where the homonymous wine cellar is located, and from there, always on asphalt, after a few Km you can reach the Baratz lake, the only natural lake in Sardinia. Its extension is not very wide (about 12 km perimeter), while the landscape is varied and interesting. You can admire the typical Mediterranean flora with an intense scent (dwarf palm, strawberry tree, myrtle, broom) the fauna (mainly composed of freshwater fish, turtles and some species of birds such as Coots, Ducks, Gulls, Herons and Grebes) and the characteristic rocks formed by solidified mud. At the end of the trip to the eco-sustainable farm of Mureddu Aru, surrounded by greenery with breathtaking views, where we could taste a typical Sardinian brunch with own productions from extensive farms that allow you to obtain lactose-free cheeses and exceptional oils all at km0. At the end visit of the company and its productions and finally we will devote ourselves to Birdwatching to watch a wildlife show in the adjacent Lake. At the end move to Porto Ferro on a paved road to be able to admire the beauty of the sea which being exposed to the north is prepared for the practice of Kite Surf, Surf. To guard the bay of Porto Ferro from above stand out three watchtowers, built by the Spaniards of the seventeenth century against the Saracen threat: of Bantine Sale (or Torre Mozza) in the south, Negra and Bianca (or Airadu) in the north. Nearby also stood the medieval village of Barace, whose inhabitants traded salt. At the end, return to Alghero with arrival around 6.30 p.m. Overnight
